STATINTL

2. In connection with request from Senator Byrd for a meeting between a representative of his Joint Committee on Reduction of Nonessential Federal Expenditures, the Bureau of the Budget, the Civil Service Commission and the CIA, I have recommended to [redacted] Gen. Wright that nothing can be served by such a meeting, which would result in the Bureau of the Budget and ourselves lining up against the Civil Service Commission and the Byrd Committee, and that the Director arrange for a personal appointment with Senator Byrd to discuss the matter. Telephoned Mr. James A. Miller, Executive Office of the President, and told him of Byrd's letter. He had no additional information. The appointment with Byrd was set for 1030 Friday.
